## **BEN KRUPINSKI BUILDER**

Ben Krupinski Builder has been building luxury homes of the highest quality for more than 30 years. From custom coastal, country and city residences to remodels and historic renovations, they are respected for their integrity and innovation by discerning clients, visionary architects and world-class designers. For projects of both modest and expansive scale, they work to exacting standards delivering consistent excellence through value engineering, deep knowledge and vast resources in Connecticut, New York City and the Hamptons.

## **CORNERSTONE CONTRACTING**

George Pusser, owner of CORNERSTONE Contracting, has been building custom luxury homes in Greenwich, Fairfield and Westchester counties, New York City, and the Hamptons for more than 25 years. His award-winning company values their teamwork with clients, architects, interior designers and engineers. They are dedicated to going above and beyond their client's expectations with exceedingly high standards supported by their best-in-class management approach. CORNERSTONE is a high-energy company whose reputation with world-renowned architects and designers empowers them to construct the most technical and complex projects.

## **DAVENPORT CONTRACTING**

From cottages to estates, Davenport Contracting has been delighting their customers for more than 35 years with individualized attention to every project. The Davenport team provides a suite of services including pre-construction estimating and budgets, fixed bid and construction management. A collaborative environment includes the client, architect, interior designer and Davenport crew.

Davenport Home (203.324.3030) is a separate division that remodels, maintains and services existing clients as well as the general residential community.
